

Nueces

Do you want to be an ECI (infant-toddler) or ECP (preschool) major? Why?	I would want to be an ECP major because they seemed to be more independent and do more things on their own. Also, I am majoring in that specific age group because it gives me the opportunity to be more hands on with activities and daily routines with them. The days goes by much faster because there is a lot to do with them and it makes it for fun.
What qualities do you have that will help you be successful working with your chosen age group?	The qualities that I have are being patient, always active, and productive. I can be fun and enjoyable when it comes with children. I love children and I believe I have a good kind heart when they are all around me. Also, I am always dedicated to educate and nurture children of all ages.
What skills would you like to develop that will help you be more effective working with that age group?	Based on my experience, the skill that I would like to develop is gaining more trust and communication with families. I think that would help me in my career because communication and trust are important when working with their children. This gives me a chance to get to know families better.
What are your career goals?	My career goals are to finish my associate degree on being a teacher's assistant in ECP. I would then proceed with my bachelor's degree and chose if to be a head teacher with moving forward with my masters and work for the DOE.
What steps will you take to achieve those career goals?	<ol style="list-style-type: none"> 1. I would be dedicated and always stay alert with my classes. 2. Always be engaged on my studies 3. Thinking positive to move forward 4. Never give up 5. Gain knowledge and new experiences every day
What steps will you take at BMCC to help you reach those goals?	<ol style="list-style-type: none"> 1. I would finish my associates 2. Proceed with a bachelor's degree 3. Get my masters 4. Apply for jobs for the DOE 5. Have a stable job
