

## Professional Development Plan - *Revised*

Do you want to be an ECI (infant/ toddler) or ECP (preschool) major? Why?	I want to be an ECP major. I currently work with preschool children ages 3-4. This age group is a little more developed and can be independent.
What qualities do you have that will help you be successful working with your chosen age group?	I am patient, caring and I have a love of working with children.
What skills would you like to develop that will help you be more effective working with that age group?	Better time management because I can procrastinate sometimes, and I need to be more on top of things so I can be an effective teacher.
What are your career goals?	To go to a 4-year college for early childhood education (preschool major). Graduate with a 3.5-4.0 average and get my master's in art education.
What steps will you take to achieve those career goals?	<ol style="list-style-type: none"> <li>1. Research the college I want to attend</li> <li>2. See what the major/program would look like</li> <li>3. Look at the requirements for the program and how to get into the program</li> <li>4. Learn to foster a positive and inclusive learning environment</li> <li>5. Commit to ongoing professional growth</li> </ol>
What steps will you take at BMCC to help you reach those goals?	<ol style="list-style-type: none"> <li>1. Make sure my current classes will transfer over</li> <li>2. Get and maintain a 3.5-4.0 average</li> <li>3. Make sure I understand child development and the processes</li> <li>4. Build a strong network</li> <li>5. Learn collaboration skills</li> </ol>
