

About Me Slide

Create a Google Slide or PowerPoint slide for your peers that you feel introduces yourself, who you are, what you're interested in, your goals, and anything else you want people to know about your identity.

See [here](#) for an example.

Use photos, pictures, or AI-generated images. You can include words. Appropriate, [safe-for-work](#) images please.

Submit the link to the Google Slide in Blackboard (click on the Write Submission button) **or** upload the PowerPoint file in Blackboard. Finally upload your slide to our class website.
