## **Summary**

I am a responsible young adult who works well under pressure, works well with others in a team or group assignment, and I can manage my time wisely along with having a flexible schedule. I have graduated High school, have 32 college credits, have worked for F.P.A (Foreign Policy Association) I have 4 years of working in most Adobe Products including Photoshop Indesign and Bridge.

## **Education**

### **Manhattan Early College School for Advertising**

High School Diploma, Graduated June 2018

During my total time in high school I have also been taking college courses as well, being a dual enrollment student meant I was earning college credits towards my Associates degree and after high school, I now have 32 accumulated credits.

## **Employment History**

### **Foreign Policy Association**

Intern, July 2018 - August 2018

I learned about better time management skills, how to properly use Adobe Bridge and have a much better understanding of the adult world because of my short time there.

## **Hobbies & Interests**

I'm an artist at heart I love to draw and create, bringing life into my creations and paintings, I also do martial arts at my local dojo 4 days out of the week and train younger kids to defend themselves. Every now and then I love to just sit down and play a video game or two by myself or with my closest companions.
