| **Summarize your story:**<br><br>I wanted to create a story about two frogs going to the New York Museum of Natural History and learning about the history of frogs, viewing some other art exhibits, and learning about axolotls. I used the p5 editor to create the webpage and the webcomic.<br><br>**What media will you be embedding on the webpage** (please be precise, i.e: how MANY images, length of<br><br>I embedded seven images and created and edited seven pictures in Photoshop. I also added an image I previously created for the self-portrait assignment. That image was created in Adobe Illustrator.<br><br><br>**What is the general style/emotion you want to convey?**<br>I was trying to be funny and ironic. I tried to create a surreal tone for the comic and hopefully make people laugh.<br><br>**What software will you be using?**<br><br>I created the images using Adobe Photoshop and Adobe Illustrator and the webpages using the P5 editor. |
