

# FREE MENTORSHIP PROGRAM FOR NYC PREMED UNDERGRADUATES

## Aspire to be a doctor?

We are now recruiting college freshman and sophomores from minority backgrounds to be 2020-2021 PRIMES Mentees. If you are from the NYC area and dream of going to medical school and becoming a doctor, apply today!

For the past 45 years the percentage of minority US medical school graduates has roughly stayed the same. Despite our population becoming increasingly more diverse, ethnic and racial minorities continue to be significantly underrepresented in the medical profession. Now more than ever, it is clear these disparities contribute to systemic healthcare inequities. Our free mentorship program helps underrepresented college students overcome unique challenges and barriers to applying and matriculating into medical school.
