

I am from a photo,
From an album and camera.
I am from the warm.
I am from the flower,
The petal
I am from welcoming
And kind,
From Antonio
And Valentina and Galvan-Guzman.
I am from the creative
And hard working.
From Xochitl
And nena.
I am from Catholicism.
I'm from New York,
Sweet bread and coffee.
From a young little girl, a sister and daughter,
The struggles of life and reality
From beautiful memories and achievements.
I am from the ground and the sky,
Expressing myself,
And enjoying life.
